

Countygeneral

Location: boundaries\countygeneral

Description

This layer consists of the general Bay County boundary, without bays. The layer consists of 1 polygon, as well as arc features. The SW boundary extends about 1000 feet out into gulf.

For a detailed-shoreline version with 6 polygons, see **county**.

For a saltwater version with 14 polygons, see **countygulf**.

Source

In November 2001, Bay County GIS staff used ArcInfo to create this layer, based on the **countygulf** coverage. For more information, see **countygulf.doc**. Bay County GIS staff removed the freshwater boundaries for Econfinia Creek and Deer Point Lake.

In July 2002, Bay County GIS staff added line across mouth of St. Andrew Sound and deleted outline of St. Andrew Sound. In August 2002, Bay County GIS staff added **type** attribute for arcs.

This data is provided with the understanding that the conclusions drawn from such information are solely the responsibilities of the user.
